Profile

Software engineer with more than ten years of experience in web development. Specialised in Salesforce Commerce Cloud since 2019, responsible for the analysis and development of the Guess and Rag & Bone online stores for Europe and North America. Background in Java and the J2EE platform, with a focus on backend development, third-party integrations and continuous improvement of the development workflow.

Work Experience

2019 – today **Salesforce Developer Analyst**, *3MT Global Services*, A Coruña.

- Analysis, development and maintenance of the **Guess** and **Rag & Bone** online stores on Salesforce Commerce Cloud (SFRA) for the European and North American markets.
  - Functional and technical analysis of new features together with the Guess business team.
  - Backend development: controllers, models, OCAPI/SCAPI hooks, jobs and services.
  - Frontend development with ISML, JavaScript, jQuery, Web Components, HTML5 and SASS/Bootstrap.
  - Integration with third-party systems through REST APIs: payments, search, tax, fraud and CRM.
  - Business Manager configuration and support for the stores in production.
  - Mentoring junior developers and code reviews.
  - Continuous improvement of the development workflow: continuous integration (GitHub Actions), unit testing and AI tools (Claude Code, Azure AI Foundry).

2019 **Java Developer Analyst**, *Altia*, A Coruña.

- **Flexia**: electronic case-processing system for public administration. Object-oriented analysis and design, and J2EE development with Spring Framework, JSP, JavaScript, Web Services and JasperReports.
  - Integration with the FACe service of the government's electronic administration.
  - Integration and deployment of the Alfresco document manager.

2016 – 2019 **Senior Software Engineer**, *atSistemas*, A Coruña.

- Integration projects for the checkout systems of the Inditex group stores: object-oriented analysis and design, and J2EE development with Spring Framework, Hibernate, JSP, JavaScript, Maven and Web Services.
  - Viewer of store closings in Store Management Terminals of the Inditex group.
  - PDF generator of electronic tickets for Inditex group stores.

2014 – 2016 **Software Engineer**, *Indra*, A Coruña.

- **Jazztel CRM**: evolutive and corrective development with JPA, Hibernate, Spring (dependency injection, transactions, JMS), Quartz, Servlets, JSP, Apache Struts, JavaScript, Maven, SOAP Web Services, Oracle, SQL and PL/SQL.

Education

2013 – 2014 **Engineering in Computer Science**, *University of A Coruña*.

Project: Design and implementation of a Java EE Web application with MVC architecture, for PDF generation of electronic tickets.

2008 – 2012 **Technical Engineering in Computer Systems**, *University of A Coruña*.

Project: Design and implementation of a .NET Web application with MVC architecture for the exchange of experiences and resources of the In-TIC project.

Technical Skills

- **Software development**:
  - Salesforce Commerce Cloud platform (SFRA, Node.js, JavaScript, ISML, OCAPI/SCAPI, REST APIs, Business Manager)
  - Next.js, TypeScript, Tailwind CSS, Supabase
  - J2EE platform (Maven, Hibernate, Spring (Framework, MVC, Batch, Security, Boot), JSP, Struts, REST and SOAP Web Services)
  - Javascript, JQuery, AJAX, JSON, XML, HTML 5, CSS3, SASS, Bootstrap
  - Apache Tomcat, WebSphere Application Server
  - Postman
- **Databases**:
  - SQL, PL-SQL
  - Oracle, MySQL, PostgreSQL, SQL Server
- **AI tools**: Claude Code, Azure AI Foundry
- **Programming environments**: Visual Studio Code, Zed, Eclipse, Netbeans
- **Version control and CI**: Git, GitHub, GitHub Actions, SVN

Training, courses and others

2020 **Salesforce Developer Analyst**, *3MT Global Services*, A Coruña.

- *B2C Commerce Developer with SFRA*

2016 – 2019 **Senior Software Engineer**, *atSistemas*, A Coruña.

- *Spring Boot, Microservices, REST and Cloud*
- *OWASP and PCI regulations*

2014 – 2016 **Software Engineer**, *Indra*, A Coruña.

- *Advanced Web Development with AngularJS*
- *Spring Batch*
- *Hibernate JPA Object Persistence*
- *Java EE Application Development*
- *J2EE Patterns*
- *Spring and Hibernate Application Development*
- *Spring MVC Web Applications*
- *HTML5&CSS3 and JavaScript programming*
- *Oracle11g PL/SQL Language*

2013 – 2014 **Engineering in Computer Science**, *University of A Coruña*, A Coruña.

- *PostgreSQL databases*
- *Security Conference 2013*

2008 – 2012 **Technical Engineering in Computer Systems**, *University of A Coruña*, A Coruña.

- *Security Conference 2008, 2009, 2010 and 2011*
